

ABOUT OUR DOCTOR

Jodi Abramson, M.D.

Dr. Abramson has performed more than 40,000 LASIK procedures, and is recognized as one of the leading refractive surgeons in the metropolitan area. Dr. Abramson has been performing laser vision correction for over sixteen years, and was one of the first Ophthalmologists to use the VISX STAR S4 Excimer Laser. Her extensive experience and outstanding results have earned Dr. Abramson referrals from more than 250 physicians both locally, as well as outside of the tristate area. She is one of the most experienced, and well-respected surgeons in the New York Metropolitan area with the 60kHz Intralase.
